NO. 47.

MARYVILLE, MISSOURI, MONDAY, JULY 28, 1913.

VOLUME 4.

CLUB TO ADVERTISE

COMMERCIAL CLUB TO SHOW ITS FAITH IN PRINTER'S INK.

WILL USE A BOOKLET

Suggestions Are Asked For the Work Which is to Contain Pictures and Writings of Maryville.

The Commercial club is making arrangements for the printing of a booklet advertising Maryville and also Nodaway county, in an effort to induce people to locate here.

The booklet will contain pictures of many farms in the county, also of the good stock, scenes of fields of grain and corn and also of threshing grain. Many farm residence pictures will also be in the book. The pictures are now being taken.

Maryville will be represented in the book by pictures of many fine homes here, city street scenes, pictures of some of the business houses and public buildings. Two or three pictures of picnic parties will be in the book for the purpose of showing that Maryville is a good place in the summer time to have a good time.

The booklet will be issued about September 1 and will be distributed far and wide over the country.

Anyone having any suggestions for the book, such as pictures or scenes or other things, Secretary John Hoffman of the club would be glad to get them.

THE USE OF FERTILIZERS

For Wheat is Increasing as It is Becoming Better Understood.

The following was written by M. F. Miller of the Missouri agricultural experiment station:

The use of fertilizers for wheat in Missouri is increasing. This is due partly to the fact that the land is getting high in value as compared with its productive capacity, partly to the fact that the land is becoming more worn and partly to the fact that the use of fertilizers is becoming better understood. On worn lands the application of even small amounts of commercial fertilizer is usually accompanied by good returns. This is particularly true of prairie land, although the same holds true of worn timber land.

Wheat requires for its best growth a soil which is particularly well supplied with available nitrogen and phosphorus. In Missouri most soils have a rather large quantity of potassium and this is, therefore, not so important to the wheat crop, except on the most worn soils. Where land has grown clover regularly and especially where some manure has been applied or crops pastured down, the use of nitrogen in the fertilizer is not so necessary. On such lands the Missouri college of agriculture advises the application of a steamed bonemeal containing around 1 per cent nitrogen and 27 to 30 per cent phosphoric acid, used at the rate of 100 to 200 pounds per acre. Where the soil contains plenty of lime, the use of 125 to 200 pounds of acid phosphate will bring as good or better returns than will the steamed bonemeal.

On soils that lack both nitrogen and phosphorus, which is the case with most of our level prairies and the more worn timber lands, a complete fertilizer containing 2 or 3 per cent nitrogen, 8 to 12 per cent available phosphoric acid and 2 or 3 per cent potash is to be recommended. This should be applied at the rate of 100 to 200 pounds per acre. The higher the grade of the fertilizer, that is the higher the percentage of the ingredients present, the less the rate of application may be.

It should always be remembered in using fertilizers that they will not maintain soil fertility, especially when applied in the amounts above suggested. One cannot depend upon fertilizers alone. The use of fertilizers should be supplemented by growing clover and cowpeas, by manuring and by practicing a good system to crop rotation.

The Presbyterians Won.

In the Sunday school league ball games Saturday the Presbyterians defeated the Buchanan Street Methodists 9 to 4, and the First Methodists forfeited to the Christian church team for not having nine men on the field.

MARYVILLE BUSINESS COLLEGE

CAPT. E. S. COOK, PRINC. MARYVILLE, MO.

Will write 100 contracts guaranteeing situations. "No position no pay." School opens Sept. 2. New catalog ready Aug. 1. Send for one. We get the positions every time.

FIRST RUN ON TUESDAY.

Auto Boosters to Leave Maryville Tuesday Evening for Ravenwood, Parnell and Sheridan.

The first tour to advertise the Maryville Chautauqua, to be held in Maryville on August 9 to 17, will be made Tuesday evening. The party will leave Maryville at 5:30 o'clock and will take their lunches with them and eat them on the way.

The towns to be visited on the first trip will be Ravenwood, Parnell and Sheridan. The band will be taken along, and at each stop music will be furnished.

A number of cars will make the trip, and each one will be given a place, which he will be required to keep on the trip to these towns. John Sewell and F. P. Reuillard are in charge of the tour.

MAN KILLED AT TARKIO.

Farm Hand is Thrown Out of an Auto Truck and Falls Under Wheels.

John White, a farm hand in the employ of W. T. Carpenter, was crushed to death under an auto truck on Gordon hill, two and a half miles south of Tarkio, Saturday afternoon. The truck was being used with a trailer to haul corn to the Carpenter feed lot. As it was being driven down the hill with a load of more than a hundred bushels of corn it became unmanageable and crashed first into the bank on one side of the road, and then into the other. The four occupants were thrown out, and White fell under the wheels, which crushed his head. He died within two hours. The others in the party were uninjured. White was 30 years old, and is survived by a wife and two little boys.

WILL FIVE-ACRE FARM PAY?

Missouri Station Will Banish Excuse For Failure by Demonstration of Methods.

A one-man poultry farm is being established by the Missouri state poultry experiment station at Mountain Grove. Five acres have been set aside and a model poultry demonstration farm has been planned, and is being established and fully equipped just as the station would recommend it. Thousands of people have asked themselves the question, "Can I make a living from poultry on five acres, and if so, how?" It is this question which Mr. Quisenberry and his associates have set out to answer. Only such methods as have already been tested and proven successful at the experiment station will be used. Their best methods of feeding, their best colony house, breeding house, laying house and all the methods of care and management which have proven best with them will be put into actual practice on this farm and for all dollars and cents which they can make out of it.

The plans of the farm are very unique and are arranged with a view to saving labor as much as possible. It is intended that one man shall do all the work on this farm. The live stock will probably consist of one brood mare and one cow. A certain amount of strawberries, raspberries, cherries and small fruits and vegetables will be grown. The plan is to eventually have a flock of 1,000 laying hens and enough breeding stock used to renew the flock of layers as often as is necessary. If it is proven that five acres is not sufficient, then acre after acre will be added until the farm does prove to be profitable. The buildings and all plans will be started as if the farm was being owned and operated by a man with limited means and gradually added to and developed as the income justifies.

Careful records of receipts and expenses will be kept, as well as records of the methods used, etc., and the results published from time to time.

This is an innovation in experiment station work which is bound to meet with widespread interest and to be of great practical value to thousands of present and prospective poultry raisers. By the establishing of this demonstration farm, experiment station work is made more practical, and brought one step nearer the people for whose benefit it is intended. When new methods are not only discovered, but their use demonstrated under practical farm conditions, one more excuse for failure will have been banished.

Returned From Auto Trip.

Mr. and Mrs. Eugene Rathbun and son and Mrs. Rathbun's mother, Mrs. Kelly of Tarkio, returned Sunday evening from an auto trip to Lake Okoboji, Ia., and also to Spirit Lake. They were away twelve days and spent part of the time in southern Minnesota. The trip from Lake Okoboji back to Maryville was by way of Tarkio, and the distance is about 275 miles. Mr. Rathbun reports that fishing is very good.

\$1900 FOR ROADS

STATE SENDS PART OF MONEY FOR HUGHES AND UNION.

FROM GOOD ROADS FUND

County Treasurer Has Also Received \$1,000 He Don't Know What to Do With—More is to Come.

County Treasurer W. R. Tilson received Monday from State Auditor Gordon \$1,906.40, the amount apportioned to the county by the state from the general state road fund on the requisition filed by the county court of Nodaway county, prior to July 1, 1913. The letter received with the check from Auditor Gordon states that the county court is to apportion the money to districts represented in the requisition.

There are only two districts represented in the requisition filed by the county court on the state. These districts are Union township and Hughes township. The Union township requisition was for \$15,000 and Hughes for \$1,465. It is thought that the money received will be divided to these two townships in proportion to their requisition. Union will receive more money from the state as she is entitled to \$15,000.

A requisition for \$925.15 will be filed by the county court on the state at the August term of court. The county is entitled to that amount from the state stamp act fund and the money received will go to the road fund and will be divided between Union and Hughes townships.

A check from the state for \$1,000 was received on June 6 by County Treasurer Tilson. It is not known what this money is for. Mr. Tilson has written two letters to State Auditor Gordon in regard to it, but up to this time has failed to receive a reply from him. It is thought that the money will be used for road purposes and the county court will probably make that order.

BACK FROM EASTERN TRIP.

A. F. Harvey Returned From Visit in Washington, New York City and Other Points.

Attorney A. F. Harvey returned Monday morning from a three weeks' trip to the east. He visited Washington, New York City, Boston, Atlantic City, Philadelphia, Montreal, Niagara Falls, Detroit and St. Louis. At Washington Mr. Harvey visited Congressman Charles F. Bohrer and W. C. Van Cleave. In New York Mr. Harvey met Homer Croy, and Mr. Croy told him he expects to be in Maryville soon for his annual vacation visit with his parents.

HOPKINS WON THE GAME.

Defeated the Maryville All-Stars by 3 to 1 in Game Played Sunday at Hopkins.

The Maryville All-Stars were defeated at Hopkins Sunday 3 to 1. The game was closely contested, and neither team had scored when, in the seventh, the umpire called a decision against Maryville which gave Hopkins three runs. A decision the other way would have made the third out. The Maryville boys started to leave the field, but umpires were changed and the game continued. Maryville's lone score was made in the ninth.

The batteries were: Maryville, McKee and Hubble; Hopkins, Carmichael and Carmichael.

Will Go On Eastern Trip.

Mr. and Mrs. Conrad W. Yehle will leave next Saturday on a few weeks' trip to the north and east. They will spend Sunday in Chicago with relatives and will be joined there Monday by Miss Gertrude Condon of the Alderman-Yehle store, who will be Mr. Yehle's assistant in buying the fall and winter stock of goods for the store, going to New York, Boston, Cleveland and other markets. Mr. and Mrs. Yehle will combine business with pleasure all along the journey and will not return for a month. Miss Condon expects to return sooner.

In Partnership With Brother.

Glade Bradley has entered into partnership with his brother, Ray Bradley, in the coal, wood and flour business at Bedford, Ia. Mr. Bradley will spend each Sunday in Maryville with Mrs. Bradley, who is visiting her parents, Mr. and Mrs. J. A. Ford of South Main street. They will go to housekeeping in Bedford this fall.

Mrs. H. T. Bohan of Rosendale spent Saturday afternoon with her son, Wallace Horner.

SOME VISIONARY

THEY ARE THE PEOPLE WHO DO THE REAL BIG THINGS.

DREAMS NOT VISIONS

Nightmares Are Dreams Working Overtime—Banks Spend Money For Roads, Not Calendars.

Dr. A. E. Winship, editor of the Journal of Education of Boston, Mass., gave the first lecture of a series of lectures at the Normal assembly this morning. Dr. Winship is a noted educator, and his lecture this morning was one of the best ever given from the platform. Everything he said was full of thoughts that were worth keeping.

His subject was "Visions." In brief, Dr. Winship said:

"There are two classes of people, the visionary and the class that do not have visions. Those that have visions are the ones that accomplish something. The great majority of the people are the ones that accomplish something. The great majority of the people do not have visions."

"The greatest trouble of the teacher is that he does not see ahead far enough. If one of the little girls before him giggles, he cannot see but that the girl will giggle all the rest of her life. Likewise with the boy. If he happens to wiggle, the teachers think he will do that for all time to come."

"People have dreams, nightmares and visions. No one has a dream when he is awake, but we have our dreams when we are just awaking. Dreams are of no account. If you want to get a proper estimate of the weakness of your mind, tell a dream. Nightmares are dreams working overtime with the lid clasped down so that they can't wake up. We all have nightmares educationally. Those who take them seriously are a detriment to the profession. You never have a vision unless you are awake, and a vision is a mind at its height. We are beginning to get some visions now."

"The common people did not frame or adopt the constitution. It was the bankers. As much money was spent in getting the constitution adopted as was spent in electing Taft or Roosevelt. They had a vision of what it meant to future generations."

"A small man never did a big thing in the world. They must have forethought enough to provide for and see into the future. The banks of the country are seeing this. Instead of spending their money for calendars and circulars they are helping the good roads proposition. They are visual enough to know what it means for the banks in the future."

Dr. Winship lectured again this afternoon at the Normal at 3:15 o'clock. He will give another one at the school at 9:50 Tuesday morning. He will give a lecture downtown on Tuesday evening at the Christian church at 8 o'clock.

Prof. John A. Whiteford of the St. Joseph public schools will conduct a round table discussion at the school on Monday and Tuesday at 4 o'clock in the afternoon.

The public is cordially invited to attend these lectures.

OFF ON MONTH'S VACATION.

Dr. and Mrs. F. R. Anthony Left Today for Macatawa, Mich.—to Take Five Days' Lake Trip.

Dr. and Mrs. F. R. Anthony left Monday noon by the way of Creston for Macatawa, Mich., where they expect to spend a month. From Chicago they will take a five days' lake trip and will arrive at Macatawa on Saturday. Dr. and Mrs. Anthony will return to Maryville about September 1.

MANY NEW CROSSINGS.

Street Commissioner Woods Has Put in About Sixty and Has Repaired a Number.

Street Commissioner M. I. Woods and his gang are through now with work of repairing and building new crossings. About sixty new ones were put in, also many were repaired, and the approaches to a number fixed up. The street commissioner commenced work Monday on Lincoln street to take out eleven trees so the road can be widened. As soon as the trees are out the road will be graded. Lincoln street is at the end of Main street.

Chicago Boy Her Guest.

Harris Blew of Chicago, the young nephew of Mrs. Will Wells, living eight miles southwest of Maryville, arrived Saturday evening to be her guest for awhile.

SENT OUT 125 CARS OF WHEAT.

Leet & Cook of Maryville Have Already Shipped Out a Large Quantity.

Nodaway county is getting to be a big wheat county this year. The wheat is much better and there is a bigger acreage than ever before. Nearly every section in the county reports wheat averaging between 30 and 35 bushels to the acre.

Up to Saturday night Leet & Cook, local grain dealers, report that they have shipped out of Nodaway county 125 cars, containing on an average about 1,200 bushels to the car. And they have just started.

TO INSPECT ORCHARDS.

Annual Supervision Under New Law Expected to Be Big Saving to Growers.

The first official inspection of the orchards in the state will begin within the next few days. It is expected that this inspection, which will be made annually under the provisions of a new law, will result in the savings of thousands of dollars each year to the fruit growers of the state.

Leonard Haseman of the University of Missouri will have charge of the inspection. He will be assisted by T. J. Talbert and B. Syzmoniak, formerly expert gardener employed by the Kansas City public schools.

All the diseased fruit trees will be condemned.

BEEN OUT OF PEN SIX MONTHS.

"Happy" Greenelsh Arrested Saturday at Burlington Junction Slated to Go to the Pen Again.

Sheriff Ed Wallace returned Saturday afternoon from Burlington Junction, where he arrested "Happy" Greenelsh on a charge of breaking into the depot and taking a case of beer, a suit of clothes and about \$1.09 from the money drawer. When confronted by Sheriff Wallace, Greenelsh confessed to doing the deed and gave to Mr. Wallace \$1.63 of the money back.

Greenelsh has been in the state penitentiary, having completed his term there last February. He was sent up for breaking into the Rees hardware store at the Junction. It was thought that Greenelsh had helped in this job, but he did not admit it until lately, when he told Sheriff Wallace that he did.

The sheriff is of the opinion that probably there was one or two that helped Greenelsh in breaking into the depot. As yet there are no clues, and Greenelsh says that there was no one else. Greenelsh is about 23 years old.

MISS ETHEL ROSS DEAD.

Body Brought to Maryville Monday Noon From Kansas City by S. H. Kemp.

Miss Ethel Ross, formerly of Maryville, died at Wesley hospital in Kansas City Sunday afternoon, after a surgical operation. Her brother-in-law, S. H. Kemp of this city, was notified of her death and went to Kansas City Sunday night. He arrived Monday noon with the body, and burial will take place Tuesday afternoon in Miriam cemetery.

The funeral services will take place Tuesday afternoon at 2 o'clock at the home of Mr. and Mrs. Kemp on Lawn avenue, Mrs. Kemp being a cousin of the late Miss Ross. The deceased was a member of the Christian church, and a minister has not yet been decided on, as the Maryville pastor is out of the city.

Miss Ross was 41 years old. She came to Maryville in girlhood with her widowed mother, Mrs. Sarah E. Ross, attended the schools here, fitted herself for business life, and was very popular socially. On the death of her mother she went to Kansas City, and was first employed by Emery-Bird-Thayer, and for several years past had charge of the glove department of the John Taylor dry goods store.

Miss Ross was a niece of Mrs. G. R. Epperson of this city and Mrs. Mattie Patrick of Pacific Grove, Cal., who is visiting Mrs. Epperson.

Rain 3 of an Inch.

The rain of Sunday morning and also this morning amounted to 3 of an inch. In several parts of the county the rain was heavier than in Maryville, while at some the rain was only a sprinkle.

Fell Off Bicycle.

Clarence Marker, who lives on a farm near Ravenwood, was riding a bicycle Sunday afternoon when he fell from it and hurt his head. He was brought to St. Francis hospital in Maryville for treatment.

Mrs. T. J. Vance and granddaughter, Iola Hawkins, are spending a few days with Mrs. Vance's daughter, Mrs. R. R. Smith of Arkoe.

TENT CITY LARGE

MORE THAN FIFTY ARE ALREADY ENGAGED FOR WEEK.

IT WILL BE FASHIONABLE

Many Campers Are Preparing to Enjoy the Chautauqua Season in Real Picnic Style.

More than fifty tents have been ordered by campers for the Maryville Chautauqua August 9 to 17, and new orders are coming in every day. Nearly all of these tents are the larger two, three and five-room sizes.

The list of tenters up to date is: Louis White, two tents; Emma Crandall, Mrs. Clayton, G. B. Holmes, Jr., Sadie and Gertrude Blair, E. A. Baker, Mrs. Emma Eckles, J. C. White, Rev. C. R. Green of Harmony, Paul Boyer, Mrs. Edward Walker, J. T. Wells, President Ira Richardson, Democrat-Forum, Tribune, Leo Atherton, Mrs. Anna D. Day, Alma Nash, Rev. W. E. Royston of Barnard, R. E. Thomas, Prof. G. H. Colbert and S. G. Gilliam, Rev. Alva Brown of Maitland, Byron Rhoades, Orlo Quinn, H. R. Hancock, Dr. Jesse Miller, Mrs. Frank Schweikhardt, Mrs. Matthew O'Brien, R. B. Gex, Mrs. Montgomery and Mrs. Wright, W. C. Pierce, Lyle brothers.

The clubs and organizations which have ordered tents are the Hum Druse club, two; I X L club, C. W. B. M., Penelope Club and Missouri Ladies Military band.

In addition to these several parties of young people have ordered tents under the names of Alma Hotchkiss, Cora Gehr, Clarence Cook, Ola Smith, Alice Porter, Lulu Jones of Skidmore, Gertrude Wright and W. W. Jones.

Other tents are the two of P. O. London, the ladies' rest tent, Reuillard's restaurant tent and a 20x40 dining room tent.

MEEKER TO BE CANDIDATE.

Man Who Spoke Here to Run Against Congressman Bartholdt in St. Louis.

If fervent appeals and frantic entreaties from St. Louis Republican leaders have any weight, Dr. Jacob E. Meeker, former pastor of the Compton Hill Congregational church, Republican spellbinder and foe of the prohibition movement, will again be a citizen of St. Louis.

Dr. Meeker left St. Louis shortly after the spring municipal campaign. He is now living in Attica, Ind. It is said that he will be brought back to St. Louis and groomed as a candidate for congress from the Tenth congressional district.

The congressional revelations in the recent Mulhall investigations mean the political death of Congressman Bartholdt, according to the local leaders. They feel sick and shaken every time they think of having to battle for the control of the Tenth district with Bartholdt as their standard bearer.

Having glimpsed the handwriting on the wall, they are planning to bring back Dr. Meeker in order to keep the congressional nomination from going to the county.

With State Senator A. E. I. Gardner and Circuit Judge G. A. Wurdeman planning to get into the race in the county and Bartholdt's strength slipping away, St. Louis Republicans believe Dr. Meeker is their only hope.

Dr. Meeker delivered a campaign speech for the Republicans in Maryville over a year ago. His speech was severely condemned on account of the slurring remarks and his profane language.

Visited Her Parents.

Mr. and Mrs. Vernon Miller of Clearmont were all-day guests Sunday of Mrs. Miller's parents, Mr. and Mrs. Levi Smith. They were accompanied home by Mrs. Smith, who will visit them a week.

Communication

The Barnard Picnic is All Right.

Barnard, Mo., July 28.—Editor Democrat-Forum: We noticed in your issue of the 23d instant an article in the Barnard items concerning the Barnard picnic, to be held here August 7, 8 and 9, reflecting on the character of this gathering and of the people of this community behind it, and we, the undersigned business men and citizens of Barnard, take this method of showing our resentment of the insinuations and insults therein, and correct any misconceptions in the minds of your readers as to the true state of the affair.

The annual picnic here is known far and wide as one of the largest and cleanest gatherings of people in the state.

It is in the nature of a home-coming, and is a meeting place, and a place for renewing acquaintances of the whole people of Nodaway county.

The amusements furnished are of the same class shown in your own town at your gatherings, and could offend no pure minded person, neither is gambling or intoxicating liquors allowed.

By the classification made by the writer of the article mentioned of the people behind the picnic, each and every one of them are of the "lower moral sentiment," as not a single individual of the town has ever directly received a single cent of financial benefit from the picnic, the whole town, however, being indirectly benefited by the advertising received.

He has, however, seen fit to commend the Chautauqua recently held here, which was promoted by the business men of the town, and managed by a committee selected by them in the same manner the picnic committee is chosen, from these people of "lower moral sentiment," who, each and every one, paid good money for season tickets, beside spending their time and muscle in re-erecting the tent when blown down, to make the course a success, which he acknowledges they did, but was not fair enough to state that they did so without aid or encouragement, either moral or financial, from him.

In any event, a person to commend or criticize should know from his own knowledge, not from hearsay, the facts of which he speaks, and if his personal knowledge of the picnic which he condemns is no better founded than his personal knowledge of the Chautauqua course, which he commends, it is of no value.

The inference naturally drawn by the people of Barnard is that he held one of the almighty dollars which it took to buy a season ticket so close to his own eye as to obscure his vision of the benefits he might have derived, personally, by attending his home Chautauqua the whole week, and also buried the quarter of one of the same almighty dollars which it took to obtain admission to one number, so deeply in his trousers pocket that he failed to be present at a single number of the course he now praises so highly.

Thanking you for the space taken for this, we are, very respectfully,

John F. Tulloch, barber; Steve A. Roach, druggist; George W. Cole, bank clerk; J. E. Stewart, jeweler; I. E. Tullock insurance; M. M. Pollard, M. D.; O. F. McMillen, dentist; Wm. Woodhead, justice of the peace; Geo. Daniels, mayor; N. L. Pearce, Merchant; L. B. Campbell and W. H. Campbell, hardware merchants; J. E. Sells, clerk; D. A. Pollard, M. D.; P. J.

The following communication was received today by the Democrat-Forum from one of its subscribers at Barnard:

Please publish the following protest against the criticism of the Barnard picnic which appeared in the daily edition of the Democrat-Forum of Thursday:

Did the unpatriotic writer of that piece appreciate the Chautauqua enough to knock Barnard's long established annual institution? Did he consider the fact that such speakers as Governor Folk, B. Raleigh Martin, W. A. Blagg and many others equally well noted, whom Barnard considers as part of the picnic, furnish as good an example to the young mind as any Chautauqua lecturer? Does he know that all young people will spend their money in having a good time?

Would he rather have them go to larger cities and spend their money in the lowest forms of amusement, or enjoy the innocent pleasures of Barnard's three days of fun? Would he rejoice to see the old folks sitting in hard back chairs listening to a lecture on "Why Hens' Eggs Are Not Square," or have them enjoy an old fashioned camp luncheon such as all real picnicers do? The writer of that criticism probably cannot see the good in an old fashioned sociable gathering such as the picnic alone can afford? Can he reckon such music as will be rendered by the Maryville Ladies band against any broken down political campaigner's ideas of James K. Polk's views of the Monroe doctrine? If he can, well and good, but if not it is the popular opinion that he owes Barnard an apology.

Oklahoma Visitors Here.

Mr. and Mrs. Edward Sturm and sons, Charles Edward and George, of Oklahoma City arrived in Maryville Sunday to visit their parents, Mr. and Mrs. N. Sturm and Mr. and Mrs. C. Q. Smith. The visitors were met at Ravenwood by Mr. Sturm's parents in their car.

Mrs. Charles Meyer and daughter, accompanied by their guests, Miss Gertrude McGarry and Miss Grace Maher, went to near Clyde Saturday for a few days' visit with Mr. and Mrs. Thomas McGarry.

"The Wishing Seat," "The Caged Bird" and "Gregory's Shadow" at the Star tonight.

THE MARYVILLE NATIONAL BANK

MARYVILLE, MO.

July 22, 1913.

TO OUR FRIENDS AND PATRONS:

On the occasion of the changing of the name of the Maryville National Bank to that of the FARMERS TRUST COMPANY, which will take place August 1st, we desire to thank you for the continued evidence of your confidence.

The merging of the Maryville National Bank and the loan company will in no wise change the method of handling your business. The same place of business, the same working force with the same hearty welcome awaits you.

At any time after August 1st, you may call and get a new check book of the Farmers Trust Company, but if it is not convenient for you to get the book at the above date, you may continue the use of your old Maryville National book, and your checks will be paid the same as if drawn on the Farmers Trust Company. You can also bring or send in your pass book and we will have it exchanged for a new one. We want our customers to know that we appreciate their business and the merely changing of name will not be allowed to inconvenience or embarrass them in the least.

Call and see us at any time for our "latch string is always out."

Very truly yours,

G. L. WILFLEY, President,
W. C. PIERCE, Vice-President,
S. H. KEMP, Cashier.

Visited in Conception.

Misses Ellen Fisher, Amy Buhman and Kathleen Diegman, State Normal students, spent Saturday and Sunday at Conception, at the home of Mr. and Mrs. John McManus.

Mrs. T. L. Wadley went to St. Joseph Saturday evening to spend a few days with her father, H. H. Hays.

Announce Daughter's Birth.

Mr. and Mrs. Charles Awalt of St. Joseph announce the birth of their daughter, Alice Annetta, on Sunday, July 27.

Mrs. J. D. Bolin and children went to Barnard Saturday evening for a short visit with Mr. Bolin's sister, Mrs. Fay Campbell.

Has an Auto.

Preston Seafers of this city purchased an Auburn automobile last week. Mr. and Mrs. Fay H. Casteel and child of Ravenwood brought the new car over Saturday and Mr. and Mrs. Seafers and daughter, Mrs. Ernest Welborn, accompanied them to Ravenwood on Sunday, where Mr. Seafers will learn to run his car.

MISS PANKHURST IS BACK IN JAIL

Suffragette Leads Great Demonstration in Trafalgar Square.

ENORMOUS CROWDS GATHER.

"On to Downing Street" Cry Sweeps Woman Off Her Feet—Police Check Onrush and Succeed in Placing Leader Under Arrest.

London, July 28.— Sylvia Pankhurst, the militant suffragette, who was out on license under the "cat and mouse" law, was the leader of a suffragette demonstration which surpassed all previous affairs of the sort. In the rioting which followed Miss Pankhurst was rearrested and taken to Holloway jail.

The meeting, held in Trafalgar square by the Men's Federation for Women Suffrage, had been announced in advance and this fact, also a rumor that a charge upon Premier Asquith's residence, with resolutions, was planned, brought enormous crowds in to the square.

"On to Downing street" proved to be the watchword, and but for vigorous work by the mobilized police, who arrested Miss Pankhurst and twenty men and women supporters, there would have been window smashing and perhaps worse damage at the premier's house. The procession of men and women marched from White Chapel to Trafalgar square, followed by constantly growing crowds. Miss Pankhurst made a dramatic appearance from among the crowd and was dragged to the Nelson column amid great cheering.

"The time for speaking is over," she said. "Deeds, not words, are wanted. Let us go to Downing street."

She concluded by saying she would defy the authorities and carry resolutions to the premier's residence herself. In an instant Miss Pankhurst with a bundle of papers in her hand, was swept off her feet by the mob and the square was a mass of excited and struggling people.

Anti-Militants End Hike.

The long pilgrimage to London of non-militant women suffragettes culminated in a monster gathering at Hyde park, attended by fully 100,000 women.

Headed by banners bearing the motto, "Reason, not force"—which is the battle cry of the law abiding National Union of Women's Suffrage societies—the petticoated battalions, with bands playing and banners flying, swept through the four principal gates of the park and converged at a central point, where seventy speakers addressed them from twenty platforms.

At the sound of a bugle a resolution was simultaneously adopted begging parliament, without further delay, to give women the franchise.

27 INJURED IN WRECK

Four Cars Filled With Tourists Overturn in Colorado.

Boulder, Colo., July 28.—Twenty seven persons were injured, some seriously, in a wreck on Switzerland trail near here when four cars overturned. The cars were filled with tourists.

The cars were on the Denver, Boulder and Western railroad. Among the probably fatally injured were Mrs. Martha Chalfont and Miss Blanche Chalfont of Shinnston, W. Va.; Mrs. John Henson and Laura Henson of Chicago. All suffered internal injuries and bad cuts from breaking glass.

Mizzou Park Stands Burn.

Sioux City, Ia., July 28.—Mizzou park, the home of the Sioux City baseball club of the Western league, was consumed by fire. The grandstand bleachers and dressing rooms, together with the uniforms of the players, were wiped out. The loss on park property and adjoining buildings and lumber will reach \$50,000. The cause of the fire is unknown.

Mrs. Walter Patterson of Skidmore was brought to St. Francis hospital in Maryville Sunday afternoon and underwent an operation at St. Francis hospital this morning.

SHARP MESSAGE SENT TO MEXICO

Drastring Representations Follow Dixon Incident.

DEMANDS ARREST OF SOLDIERS

Court-Martial and Punishment Is Asked by United States Government for Shooting Officer—Huerta Ordered to Release Two Mining Men.

Washington, July 28.—Strong representations, the most drastic in phraseology that have been made since the present American administration came into power, were made to the Huerta government in Mexico.

The United States government demanded not only the prompt arrest, court-martial and punishment of the Mexican federal soldiers who shot Charles B. Dixon, an American immigration official at Juarez, Mexico, but the immediate release of Charles Bissell and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City and said to be threatened with execution.

So serious were these incidents regarded in official circles that they overshadowed largely the policy which the visit of Ambassador Henry Lane Wilson had brought to a climax. The ambassador himself was so exercised over the developments in Mexico that he dictated two strong telegrams, one to the embassy at Mexico City and the other to the American consul at Juarez, and while Secretary Bryan slightly modified their tone, they were approved and promptly dispatched.

Ambassador Wilson declined to discuss the affair, but he probably will explain his views on such happenings when he meets President Wilson this afternoon for a general explanation of affairs in Mexico.

Studies Wilson's Report.

The president had Ambassador Wilson's long report in hand, studied it carefully and after a conference with Mr. Bryan will be prepared to inquire of the ambassador what remedies he would suggest.

In the meantime the ambassador would give no inkling of the recommendation he had in mind, beyond the general statement that his plan would conserve the friendly relations between Mexico and the United States and protect likewise the interests of Americans in the southern republic.

Dixon Shot as a "Fugitive."

Dixon was in Juarez on official business, investigating a white slave case, when he was arrested by a band of federal soldiers, who started marching him away from the city in the direction of the foothills, where many executions have taken place. Dixon started to run and after getting a block away was fired upon and hit in the back.

Dixon's father lives in Wharton, Tex. The federal authorities refused to allow the wounded man to be removed from the military hospital, where he was taken. Federal soldiers guard the ward where Dixon lies, refusing admission to everyone, except a doctor.

Dixon made a statement in Juarez to American officials that he was satisfied the Mexicans were marching him out to shoot him when he ran. He says the Mexican soldiers were drunk.

Dixon was sent by a superior to Juarez to see a negro in connection with a white slave case that was being probed there. He says he believes the negro, after he had talked to him in Juarez, bought drinks for the soldiers and induced them to arrest him.

POSSE PURSUES BANDITS

Highwaymen Who Held Up Limited Train Go to Butte.

St. Paul, July 28.—The three men who attempted to hold up the east-bound North Coast Limited on the Northern Pacific near Homestead, Mont., had been traced to Butte, Mont., by a sheriff's posse, according to W. J. McFetridge, chief special agent of the Northern Pacific railroad. According to details of the attempted holdup received by Mr. McFetridge, nothing was secured by the bandits and very few of the passengers knew what was delaying the train.

A posse, headed by the sheriff, took up the trail of the three bandits, who, the officials here stated, were reported to be quite young and seemed somewhat under the influence of liquor. Their tracks led to a wagon road, where evidences of the recent passing of an automobile traveling toward Butte convinced the authorities that the bandits had gone to the place.

Shoots Self After Telephoning Wife.

Kansas City, July 28.—Douglas Hertz of Kansas City, whose wife disappeared from her hotel in St. Louis last Thursday, shot and dangerously wounded himself after a telephone conversation with his wife here. Mrs. Hertz was located at the home of a friend. Hertz entered a saloon and telephoned Mrs. Hertz from there. After a long conversation he stepped away from the telephone and, drawing a revolver, shot himself over the heart. He was taken to a hospital.

Cool Wave Coming in Modified Form.

Washington, July 28.—Except for local thunderstorms, generally fair weather is predicted for the coming week. A cool wave that now covers the northwest will spread eastward and southeastward in modified form.

DOING THEIR DUTY.

Scores of Maryville Readers Are Learning the Duty of the Kidneys. To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak. Backache and other kidney ills may follow.

Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy.

Maryville people endorse their worth. Miss Harriet McClurg, 405 East Thompson street, Maryville, Mo., says:

"I do not know what I would have done without Doan's Kidney Pills. They have worked wonders in my case, and I am pleased to verify my former public endorsement of them. I was troubled by pain and weakness in my back and hips and I could hardly get around. Doan's Kidney Pills stopped the trouble as soon as I used them and strengthened my kidneys. I am only too glad to recommend this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

NO. 47.

CLUB TO ADVERTISE

COMMERCIAL CLUB TO SHOW ITS FAITH IN PRINTER'S INK.

WILL USE A BOOKLET

Suggestions Are Asked For the Work Which is to Contain Pictures and Writings of Maryville.

The Commercial club is making arrangements for the printing of a booklet advertising Maryville and also Nodaway county, in an effort to induce people to locate here.

The booklet will contain pictures of many farms in the county, also of the good stock, scenes of fields of grain and corn and also of threshing grain. Many farm residence pictures will also be in the book. The pictures are now being taken.

Maryville will be represented in the book by pictures of many fine homes here, city street scenes, pictures of some of the business houses and public buildings. Two or three pictures of picnic parties will be in the book for the purpose of showing that Maryville is a good place in the summer time to have a good time.

The booklet will be issued about September 1 and will be distributed far and wide over the country.

Anyone having any suggestions for the book, such as pictures or scenes or other things, Secretary John Hoffman of the club would be glad to get them.

THE USE OF FERTILIZERS

For Wheat is Increasing as It is Becoming Better Understood.

The following was written by M. F. Miller of the Missouri agricultural experiment station:

The use of fertilizers for wheat in Missouri is increasing. This is due partly to the fact that the land is getting high in value as compared with its productive capacity, partly to the fact that the land is becoming more worn and partly to the fact that the use of fertilizers is becoming better understood. On worn lands the application of even small amounts of commercial fertilizer is usually accompanied by good returns. This is particularly true of prairie land, although the same holds true of worn timber land.

Wheat requires for its best growth a soil which is particularly well supplied with available nitrogen and phosphorus. In Missouri most soils have a rather large quantity of potassium and this is, therefore, not so important to the wheat crop, except on the most worn soils. Where land has grown clover regularly and especially where some manure has been applied or crops pastured down, the use of nitrogen in the fertilizer is not so necessary. On such lands the Missouri college of agriculture advises the application of a steamed bonemeal containing around 1 per cent nitrogen and 27 to 30 per cent phosphoric acid, used at the rate of 100 to 200 pounds per acre. Where the soil contains plenty of lime, the use of 125 to 200 pounds of acid phosphate will bring as good or better returns than will the steamed bonemeal.

On soils that lack both nitrogen and phosphorus, which is the case with most of our level prairies and the more worn timber lands, a complete fertilizer containing 2 or 3 per cent nitrogen, 8 to 12 per cent available phosphoric acid and 2 or 3 per cent potash is to be recommended. This should be applied at the rate of 100 to 200 pounds per acre. The higher the grade of the fertilizer, that is the higher the percentage of the ingredients present, the less the rate of application may be.

It should always be remembered in using fertilizers that they will not maintain soil fertility, especially when applied in the amounts above suggested. One cannot depend upon fertilizers alone. The use of fertilizers should be supplemented by growing clover and cowpeas, by manuring and by practicing a good system of crop rotation.

The Presbyterians Won.

In the Sunday school league ball games Saturday the Presbyterians defeated the Buchanan Street Methodists 9 to 4, and the First Methodists forfeited to the Christian church team for not having nine men on the field.

FIRST RUN ON TUESDAY.

Auto Boosters to Leave Maryville Tuesday Evening for Ravenwood, Parnell and Sheridan.

The first tour to advertise the Maryville Chautauqua, to be held in Maryville on August 9 to 17, will be made Tuesday evening. The party will leave Maryville at 5:30 o'clock and will take their lunches with them and eat them on the way.

The towns to be visited on the first trip will be Ravenwood, Parnell and Sheridan. The band will be taken along, and at each stop music will be furnished.

A number of cars will make the trip, and each one will be given a place, which he will be required to keep on the trip to these towns. John Sewell and F. P. Reuillard are in charge of the tour.

MAN KILLED AT TARKIO.

Farm Hand is Thrown Out of an Auto Truck and Falls Under Wheels.

John White, a farm hand in the employ of W. T. Carpenter, was crushed to death under an auto truck on Gordon hill, two and a half miles south of Tarkio, Saturday afternoon. The truck was being used with a trailer to haul corn to the Carpenter feed lot. As it was being driven down the hill with a load of more than a hundred bushels of corn it became unmanageable and crashed first into the bank on one side of the road, and then into the other. The four occupants were thrown out, and White fell under the wheels, which crushed his head. He died within two hours. The others in the party were uninjured. White was 30 years old, and is survived by a wife and two little boys.

WILL FIVE-ACRE FARM PAY?

Missouri Station Will Banish Excuse For Failure by Demonstration of Methods.

A one-man poultry farm is being established by the Missouri state poultry experiment station at Mountain Grove. Five acres have been set aside and a model poultry demonstration farm has been planned, and is being established and fully equipped just as the station would recommend it. Thousands of people have asked themselves the question, "Can I make a living from poultry on five acres, and if so, how?" It is this question which Mr. Quisenberry and his associates have set out to answer. Only such methods as have already been tested and proven successful at the experiment station will be used. Their best methods of feeding, their best colony house, breeding house, laying house and all the methods of care and management which have proven best with them will be put into actual practice on this farm and for all dollars and cents which they can make out of it.

The plans of the farm are very unique and are arranged with a view to saving labor as much as possible. It is intended that one man shall do all the work on this farm. The live stock will probably consist of one brood mare and one cow. A certain amount of strawberries, raspberries, cherries and small fruits and vegetables will be grown. The plan is to eventually have a flock of 1,000 laying hens and enough breeding stock used to renew the flock of layers as often as is necessary. If it is proven that five acres is not sufficient, then acre after acre will be added until the farm does prove to be profitable. The buildings and all plans will be started as if the farm was being owned and operated by a man with limited means and gradually added to and developed as the income justifies.

Careful records of receipts and expenses will be kept, as well as records of the methods used, etc., and the results published from time to time.

This is an innovation in experiment station work which is bound to meet with widespread interest and to be of great practical value to thousands of present and prospective poultry raisers. By the establishing of this demonstration farm, experiment station work is made more practical, and brought one step nearer the people for whose benefit it is intended. When new methods are not only discovered, but their use demonstrated under practical farm conditions, one more excuse for failure will have been banished.

Returned From Auto Trip.

Mr. and Mrs. Eugene Rathbun and son and Mrs. Rathbun's mother, Mrs. Kelly of Tarkio, returned Sunday evening from an auto trip to Lake Okoboji, Ia., and also to Spirit Lake. They were away twelve days and spent part of the time in southern Minnesota. The trip from Lake Okoboji back to Maryville was by way of Tarkio, and the distance is about 275 miles. Mr. Rathbun reports that fishing is very good.

\$1900 FOR ROADS

STATE SENDS PART OF MONEY FOR HUGHES AND UNION.

FROM GOOD ROADS FUND

County Treasurer Has Also Received \$1,000 He Don't Know What to Do With—More Is to Come.

County Treasurer W. R. Tilson received Monday from State Auditor Gordon \$1,906.40, the amount apportioned to the county by the state from the general state road fund on the requisition filed by the county court of Nodaway county, prior to July 1, 1913. The letter received with the check from Auditor Gordon states that the county court is to apportion the money to districts represented in the requisition.

There are only two districts represented in the requisition filed by the county court on the state. These districts are Union township and Hughes township. The Union township requisition was for \$15,000 and Hughes for \$1,465. It is thought that the money received will be divided to these two townships in proportion to their requisition. Union will receive more money from the state as she is entitled to \$15,000.

A requisition for \$925.15 will be filed by the county court on the state at the August term of court. The county is entitled to that amount from the state stamp act fund and the money received will go to the road fund and will be divided between Union and Hughes townships.

A check from the state for \$1,000 was received on June 6 by County Treasurer Tilson. It is not known what this money is for. Mr. Tilson has written two letters to State Auditor Gordon in regard to it, but up to this time has failed to receive a reply from him. It is thought that the money will be used for road purposes and the county court will probably make that order.

BACK FROM EASTERN TRIP.

A. E. Harvey Returned From Visit in Washington, New York City and Other Points.

Attorney A. F. Harvey returned Monday morning from a three weeks' trip to the east. He visited Washington, New York City, Boston, Atlantic City, Philadelphia, Montreal, Niagara Falls, Detroit and St. Louis. At Washington Mr. Harvey visited Congressman Charles F. Booher and W. C. Van Cleave. In New York Mr. Harvey met Homer Croy, and Mr. Croy told him he expects to be in Maryville soon for his annual vacation visit with his parents.

HOPKINS WON THE GAME.

Defeated the Maryville All-Stars by 3 to 1 in Game Played Sunday at Hopkins.

The Maryville All-Stars were defeated at Hopkins Sunday 3 to 1. The game was closely contested, and neither team had scored when, in the seventh, the umpire called a decision against Maryville which gave Hopkins three runs. A decision the other way would have made the third out. The Maryville boys started to leave the field, but umpires were changed and the game continued. Maryville's lone score was made in the ninth.

The batteries were: Maryville, McKee and Hubble; Hopkins, Carmichael and Carmichael.

Will Go On Eastern Trip.

Mr. and Mrs. Conrad W. Yehle will leave next Saturday on a few weeks' trip to the north and east. They will spend Sunday in Chicago with relatives and will be joined there Monday by Miss Gertrude Condon of the Alderman-Yehle store, who will be Mr. Yehle's assistant in buying the fall and winter stock of goods for the store, going to New York, Boston, Cleveland and other markets. Mr. and Mrs. Yehle will combine business with pleasure all along the journey and will not return for a month. Miss Condon expects to return sooner.

In Partnership With Brother.

Glade Bradley has entered into partnership with his brother, Ray Bradley, in the coal, wood and flour business at Bedford, Ia. Mr. Bradley will spend each Sunday in Maryville with Mrs. Bradley, who is visiting her parents, Mr. and Mrs. J. A. Ford of South Main street. They will go to housekeeping in Bedford this fall.

Mrs. H. T. Bohan of Rosendale spent Saturday afternoon with her son, Wallace Horner.

SOME VISIONARY

THEY ARE THE PEOPLE WHO DO THE REAL BIG THINGS.

DREAMS NOT VISIONS

Nightmares Are Dreams Working Overtime—Banks Spend Money For Roads, Not Calendars.

Dr. A. E. Winship, editor of the Journal of Education of Boston, Mass., gave the first lecture of a series of lectures at the Normal assembly this morning. Dr. Winship is a noted educator, and his lecture this morning was one of the best ever given from the platform. Everything he said was full of thoughts that were worth keeping.

His subject was "Visions." In brief, Dr. Winship said:

"There are two classes of people, the visionary and the class that do not have visions. Those that have visions are the ones that accomplish something. The great majority of the people are the ones that accomplish something. The great majority of the people do not have visions.

"The greatest trouble of the teacher is that he does not see ahead far enough. If one of the little girls before him giggles, he cannot see but that the girl will giggle all the rest of her life. Likewise with the boy. If he happens to wiggle, the teachers think he will do that for all time to come.

"People have dreams, nightmares and visions. No one has a dream when he is awake, but we have our dreams when we are just awaking. Dreams are of no account. If you want to get a proper estimate of the weakness of your mind, tell a dream. Nightmares are dreams working overtime with the lid clasped down so that they can't wake up. We all have nightmares, educationally. Those who take them seriously are a detriment to the profession. You never have a vision unless you are awake, and a vision is a mind at its height. We are beginning to get some visions now.

"The common people did not frame or adopt the constitution. It was the bankers. As much money was spent in getting the constitution adopted as was spent in electing Taft or Roosevelt. They had a vision of what it meant to future generations.

"A small man never did a big thing in the world. They must have forethought enough to provide for and see into the future. The banks of the country are seeing this. Instead of spending their money for calendars and circulars they are helping the good roads proposition. They are visual enough to know what it means for the banks in the future."

Dr. Winship lectured again this afternoon at the Normal at 3:15 o'clock. He will give another one at the school at 9:50 Tuesday morning. He will give a lecture downtown on Tuesday evening at the Christian church at 8 o'clock.

Prof. John A. Whiteford of the St. Joseph public schools will conduct a round table discussion at the school on Monday and Tuesday at 4 o'clock in the afternoon.

The public is cordially invited to attend these lectures.

OFF ON MONTH'S VACATION.

Dr. and Mrs. F. R. Anthony Left Today for Macatawa, Mich.—to Take Five Days' Lake Trip.

Dr. and Mrs. F. R. Anthony left Monday noon by the way of Creston for Macatawa, Mich., where they expect to spend a month. From Chicago they will take a five days' lake trip and will arrive at Macatawa on Saturday. Dr. and Mrs. Anthony will return to Maryville about September 1.

MANY NEW CROSSINGS.

Street Commissioner Woods Has Put in About Sixty and Has Repaired a Number.

Street Commissioner M. I. Woods and his gang are through now with work of repaving and building new crossings. About sixty new ones were put in, also many were repaired, and the approaches to a number fixed up. The street commissioner commenced work Monday on Lincoln street to take out eleven trees so the road can be widened. As soon as the trees are out the road will be graded. Lincoln street is at the end of Main street.

Chicago Boy Her Guest.

Harris Blew of Chicago, the young nephew of Mrs. Will Wells, living eight miles southwest of Maryville, arrived Saturday evening to be her guest for awhile.

SENT OUT 125 CARS OF WHEAT.

Leet & Cook of Maryville Have Already Shipped Out a Large Quantity.

Nodaway county is getting to be a big wheat county this year. The wheat is much better and there is a bigger acreage than ever before. Nearly every section in the county reports wheat averaging between 30 and 35 bushels to the acre.

Up to Saturday night Leet & Cook, local grain dealers, report that they have shipped out of Nodaway county 125 cars, containing on an average about 1,200 bushels to the car. And they have just started.

TO INSPECT ORCHARDS.

Annual Supervision Under New Law Expected to Be Big Saving to Growers.

The first official inspection of the orchards in the state will begin within the next few days. It is expected that this inspection, which will be made annually under the provisions of a new law, will result in the savings of thousands of dollars each year to the fruit growers of the state.

Leonard Haseman of the University of Missouri will have charge of the inspection. He will be assisted by T. J. Talbert and R. Szymoniak, formerly expert gardener employed by the Kansas City public schools.

All the diseased fruit trees will be condemned.

BEEN OUT OF PEN SIX MONTHS.

"Happy" Greenelsh Arrested Saturday at Burlington Junction Slated to Go to the Pen Again.

Sheriff Ed Wallace returned Saturday afternoon from Burlington Junction, where he arrested "Happy" Greenelsh on a charge of breaking into the depot and taking a case of beer, a suit of clothes and about \$1.09 from the money drawer. When confronted by Sheriff Wallace, Greenelsh confessed to doing the deed and gave to Mr. Wallace \$1.03 of the money back. Greenelsh has been in the state penitentiary, having completed his term there last February. He was sent up for breaking into the Rees hardware store at the Junction. It was thought that Greenelsh had helped in this job, but he did not admit it until lately, when he told Sheriff Wallace that he did.

The sheriff is of the opinion that probably there was one or two that helped Greenelsh in breaking into the depot. As yet there are no clues, and Greenelsh says that there was no one else. Greenelsh is about 23 years old.

MISS ETHEL ROSS DEAD.

Body Brought to Maryville Monday Noon From Kansas City by S. H. Kemp.

Miss Ethel Ross, formerly of Maryville, died at Wesley hospital in Kansas City Sunday afternoon, after a surgical operation. Her brother-in-law, S. H. Kemp of this city, was notified of her death and went to Kansas City Sunday night. He arrived Monday noon with the body, and burial will take place Tuesday afternoon in Miriam cemetery.

The funeral services will take place Tuesday afternoon at 2 o'clock at the home of Mr. and Mrs. Kemp on Lawn avenue, Mrs. Kemp being a cousin of the late Miss Ross. The deceased was a member of the Christian church, and a minister has not yet been decided on, as the Maryville pastor is out of the city.

Miss Ross was 41 years old. She came to Maryville in girlhood with her widowed mother, Mrs. Sarah E. Ross, attended the schools here, fitted herself for business life, and was very popular socially. On the death of her mother she went to Kansas City, and was first employed by Emery-Bird-Thayer, and for several years past has had charge of the glove department of the John Taylor dry goods store.

Miss Ross was a niece of Mrs. G. R. Epperson of this city and Mrs. Mattie Patrick of Pacific Grove, Cal., who is visiting Mrs. Epperson.

Rain 3 of an Inch.

The rain of Sunday morning and also this morning amounted to 3 of an inch. In several parts of the county the rain was heavier than in Maryville, while at some the rain was only a sprinkle.

Fell Off Bicycle.

Clarence Marker, who lives on a farm near Ravenwood, was riding a bicycle Sunday afternoon when he fell from it and hurt his head. He was brought to St. Francis hospital in Maryville for treatment.

Mrs. T. J. Vance and granddaughter, Iola Hawkins, are spending a few days with Mrs. Vance's daughter, Mrs. R. R. Smith of Arkoe.

TENT CITY LARGE

MORE THAN FIFTY ARE ALREADY ENGAGED FOR WEEK.

IT WILL BE FASHIONABLE

Many Campers Are Preparing to Enjoy the Chautauqua Season in Real Picnic Style.

More than fifty tents have been ordered by campers for the Maryville Chautauqua August 9 to 17, and new orders are coming in every day. Nearly all of these tents are the larger two, three and five-room sizes.

The list of tenters up to date is: Louis White, two tents; Emma Crandall, Mrs. Clayton, G. H. Holmes, Jr., Sadie and Gertrude Blair, E. A. Baker, Mrs. Emma Eckles, J. C. White, Rev. C. R. Green of Harmony, Paul Boyer, Mrs. Edward Walker, J. T. Wells, President Ira Richardson, Democrat-Forum, Tribune, Leo Atherton, Mrs. Anna D. Day, Alma Nash, Rev. W. E. Royston of Barnard, R. E. Thomas, Prof. G. H. Colbert and S. G. Gilliam, Rev. Alva Brown of Maitland, Byron Rhoades, Orlo Quinn, H. R. Hancock, Dr. Jesse Miller, Mrs. Frank Schweickhardt, Mrs. Matthew O'Brien, R. B. Gex, Mrs. Montgomery and Mrs. Wright, W. C. Pierce, Lyle brothers.

The clubs and organizations which have ordered tents are the Hum Drum club, two; I X L club, C. W. B. M., Penelope Club and Missouri Ladies Military band.

In addition to these several parties of young people have ordered tents under the names of Alma Hotchkiss, Cora Gehr, Clarence Cook, Ola Smith, Alice Porter, Lulu Jones of Skidmore, Gertrude Wright and W. W. Jones.

Other tents are the two of P. O. Landon, the ladies' rest tent, Reuillard's restaurant tent and a 20x40 dining room tent.

MEEKER TO BE CANDIDATE.

Man Who Spoke Here to Run Against Congressman Bartholdt in St. Louis.

If fervent appeals and frantie entreaties from St. Louis Republican leaders have any weight, Dr. Jacob E. Meeker, former pastor of the Compton Hill Congregational church, Republican spellbinder and foe of the prohibition movement, will again be a citizen of St. Louis.

Dr. Meeker left St. Louis shortly after the spring municipal campaign. He is now living in Attica, Ind. It is said that he will be brought back to St. Louis and groomed as a candidate for congress from the Tenth congressional district.

The congressional revelations in the recent Mulhall investigations mean the political death of Congressman Bartholdt, according to the local leaders. They feel sick and shaken every time they think of having to battle for the control of the Tenth district with Bartholdt as their standard bearer.

Having glimpsed the handwriting on the wall, they are planning to bring back Dr. Meeker in order to keep the congressional nomination from going to the county.

With State Senator A. E. L. Gardner and Circuit Judge G. A. Wurdeman planning to get into the race in the county and Bartholdt's strength slipping away, St. Louis Republicans believe Dr. Meeker is their only hope.

Dr. Meeker delivered a campaign speech for the Republicans in Maryville over a year ago. His speech was severely condemned on account of the stirring remarks and his profane language.

Visited Her Parents.

Mr. and Mrs. Vernon Miller of Clearmont were all-day guests Sunday of Mrs. Miller's parents, Mr. and Mrs. Levi Smith. They were accompanied home by Mrs. Smith, who will visit them a week.

THE WEATHER

Generally fair tonight and Tuesday; continued warm; southerly winds.

Communication

The Barnard Picnic is All Right.

Barnard, Mo., July 28.—Editor Democrat-Forum: We noticed in your issue of the 23d instant an article in the Barnard Items concerning the Barnard picnic, to be held here August 7, 8 and 9, reflecting on the character of this gathering and of the people of this community behind it, and we, the undersigned business men and citizens of Barnard, take this method of showing our resentment of the insinuations and insults therein, and correct any misconceptions in the minds of your readers as to the true state of the affair.

The annual picnic here is known far and wide as one of the largest and cleanest gatherings of people in the state.

It is in the nature of a home-coming, and is a meeting place, and a place for renewing acquaintances of the whole people of Nodaway county.

The amusements furnished are of the same class shown in your own town at your gatherings, and could offend no pure minded person, neither is gambling or intoxicating liquors allowed.

By the classification made by the writer of the article mentioned of the people behind the picnic, each and every one of them are of the "lower moral sentiment," as not a single individual of the town has ever directly received a single cent of financial benefit from the picnic, the whole town, however, being indirectly benefited by the advertising received.

He has, however, seen fit to commend the Chautauqua recently held here, which was promoted by the business men of the town, and managed by a committee selected by them in the same manner the picnic committee is chosen, from these people of "lower moral sentiment," who, each and every one, paid good money for season tickets, beside spending their time and muscle in re-erecting the tent when blown down, to make the course a success, which he acknowledges they did, but was not fair enough to state that they did so without aid or encouragement, either moral or financial, from him.

In any event, a person to commend or criticize should know from his own knowledge, not from hearsay, the facts of which he speaks, and if his personal knowledge of the picnic which he condemns is no better founded than his personal knowledge of the Chautauqua course, which he commends, it is of no value.

The inference naturally drawn by the people of Barnard is that he held one of the almighty dollars which it took to buy a season ticket so close to his own eye as to obscure his vision of the benefits he might have derived, personally, by attending his home Chautauqua the whole week, and also buried the quarter of one of the same almighty dollars which it took to obtain admission to one number, so deeply in his trousers pocket that he failed to be present at a single number of the course he now praises so highly.

Thanking you for the space taken for this, we are, very respectfully,

John F. Tulloch, barber; Steve A. Roach, druggist; George W. Cole, bank clerk; J. E. Stewart, jeweler; I. E. Tulloch, insurance; M. M. Pollard, M. D.; O. F. McMillen, dentist; Wm. Woodhead, justice of the peace; Geo. Daniels, mayor; N. L. Pearce, Merchant; L. B. Campbell and W. H. Campbell, hardware merchants; J. E. Sells, clerk; D. A. Pollard, M. D.; P. J.

Hailey, attorney; S. J. Smith, president of Barnard bank; L. J. Mendenhall, clerk; E. J. Reed, town trustee; C. Buttmann, in harness business and town trustee; George B. Adams, dray; O. A. Haselwood, editor; Thos. Cook, merchant; T. A. Humbed, clerk; R. W. Bridges; J. L. Gillett, D. V. S. and town trustee; C. C. Alumbaugh, restaurant; John A. Fields, banker; J. B. Baker; G. T. Thompson, barber; Chas. W. Moore, grain and coal; Harry Cook, cream agent; Elmer H. Sell, cream agent; Reed Tulloch, barber; Clyde Perkins; Walter A. Ham, barber; J. H. Blagg; M. S. Boyles, drayman.

The following communication was received today by the Democrat-Forum from one of its subscribers at Barnard:

Please publish the following protest against the criticism of the Barnard picnic which appeared in the daily edition of the Democrat-Forum of Thursday:

Did the unpatriotic writer of that piece appreciate the Chautauqua enough to knock Barnard's long established annual institution? Did he consider the fact that such speakers as Governor Folk, B. Raleigh Martin, W. A. Blagg and many others equally well noted, whom Barnard considers as part of the picnic, furnish as good an example to the young mind as any Chautauqua lecturer? Does he know that all young people will spend their money in having a good time?

Would he rather have them go to larger cities and spend their money in the lowest forms of amusement, or enjoy the innocent pleasures of Barnard's three days of fun? Would he rejoice to see the old folks sitting in hard back chairs listening to a lecture on "Why Hens' Eggs Are Not Square," or have them enjoy an old fashioned camp luncheon such as all real picnicers do? The writer of that criticism probably cannot see the good in an old fashioned sociable gathering such as the picnic alone can afford? Can he reckon such music as will be rendered by the Maryville Ladies band against any broken down political campaigner's ideas of James K. Polk's views of the Monroe doctrine? If he can, well and good, but if not it is the popular opinion that he owes Barnard an apology.

Oklahoma Visitors Here.

Mr. and Mrs. Edward Sturm and sons, Charles Edward and George, of Oklahoma City arrived in Maryville Sunday to visit their parents, Mr. and Mrs. N. Sturm and Mr. and Mrs. C. Q. Smith. The visitors were met at Ravenwood by Mr. Sturm's parents in their car.

Mrs. Charles Meyer and daughter, accompanied by their guests, Miss Gertrude McGarry and Miss Grace Maher, went to near Clyde Saturday for a few days' visit with Mr. and Mrs. Thomas McGarry.

"The Wishing Seat," "The Caged Bird" and "Gregory's Shadow" at the Star tonight.

THE MARYVILLE NATIONAL BANK

MARYVILLE, MO.

TO OUR FRIENDS AND PATRONS:

July 22, 1913.

On the occasion of the changing of the name of the Maryville National Bank to that of the FARMERS TRUST COMPANY, which will take place August 1st, we desire to thank you for the continued evidence of your confidence.

The merging of the Maryville National Bank and the loan company will in no wise change the method of handling your business. The same place of business, the same working force with the same hearty welcome awaits you.

At any time after August 1st, you may call and get a new check book of the Farmers Trust Company, but if it is not convenient for you to get the book at the above date, you may continue the use of your old Maryville National book, and your checks will be paid the same as if drawn on the Farmers Trust Company. You can also bring or send in your pass book and we will have it exchanged for a new one. We want our customers to know that we appreciate their business and the merely changing of name will not be allowed to inconvenience or embarrass them in the least.

Call and see us at any time for our "latch string is always out."

Very truly yours,

G. L. WILFLEY, President,
W. C. PIERCE, Vice-President,
S. H. KEMP, Cashier.

Visited in Conception.

Misses Ellen Fisher, Amy Buhman and Kathleen Diegman, State Normal students, spent Saturday and Sunday at Conception, at the home of Mr. and Mrs. John McManus.

Mrs. T. L. Wadley went to St. Joseph Saturday evening to spend a few days with her father, H. H. Hays.

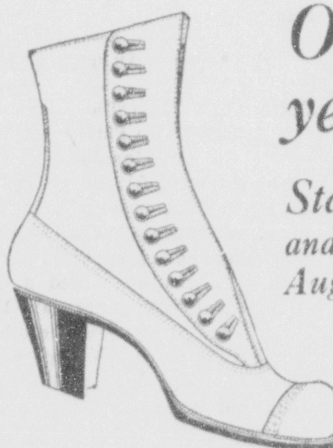

Announce Daughter's Birth.

Mr. and Mrs. Charles Awalt of St. Joseph announce the birth of their daughter, Alice Annetta, on Sunday, July 27.

Mrs. J. D. Bolin and children went to Barnard Saturday evening for a short visit with Mr. Bolin's sister, Mrs. Fay Campbell.

Has an Auto.

Preston Seafers of this city purchased an Auburn automobile last week. Mr. and Mrs. Fay H. Casteel and child of Ravenwood brought the new car over Saturday and Mr. and Mrs. Seafers and daughter, Mrs. Ernest Welborn, accompanied them to Ravenwood on Sunday, where Mr. Seafers will learn to run his car.

MISS PANKHURST IS BACK IN JAIL

Suffragette Leads Great Demonstration in Trafalgar Square.

ENORMOUS CROWDS GATHER.

"On to Downing Street" Cry Sweeps Woman Off Her Feet—Police Check Onrush and Succeed in Placing Leader Under Arrest.

London, July 28.—Sylvia Pankhurst, the militant suffragette, who was out on license under the "cat and mouse" law, was the leader of a suffragette demonstration which surpassed all previous affairs of the sort. In the rioting which followed Miss Pankhurst was rearrested and taken to Holloway jail.

The meeting, held in Trafalgar square by the Men's Federation for Women Suffrage, had been announced in advance and this fact, also a rumor that a charge upon Premier Asquith's residence, with resolutions, was planned, brought enormous crowds in to the square.

"On to Downing street" proved to be the watchword, and but for vigorous work by the mobilized police, who arrested Miss Pankhurst and twenty men and women supporters, there would have been window smashing and perhaps worse damage at the premier's house. The procession of men and women marched from White Chapel to Trafalgar square, followed by constantly growing crowds. Miss Pankhurst made a dramatic appearance from among the crowd and was dragged to the Nelson column amid great cheering.

"The time for speaking is over," she said. "Deeds, not words, are wanted. Let us go to Downing street."

She concluded by saying she would defy the authorities and carry resolutions to the premier's residence herself. In an instant Miss Pankhurst with a bundle of papers in her hand, was swept off her feet by the mob and the square was a mass of excited and struggling people.

Anti-Militants End Hike.

The long pilgrimage to London of nonmilitant women suffragettes culminated in a monster gathering at Hyde park, attended by fully 100,000 women.

Headed by banners bearing the motto, "Reason, not force"—which is the battle cry of the law abiding National Union of Women's Suffrage societies—the petticoated battalions, with hands playing and banners flying swept through the four principal gates of the park and converged at a central point, where seventy speakers addressed them from twenty platforms.

At the sound of a bugle a resolution was simultaneously adopted begging parliament, without further delay, to give women the franchise.

27 INJURED IN WRECK

Four Cars Filled With Tourists Overturn in Colorado.

Boulder, Colo., July 28.—Twenty seven persons were injured, some seriously, in a wreck on Switzerland trail near here when four cars overturned. The cars were filled with tourists.

The cars were on the Denver, Boulder and Western railroad. Among the probably fatally injured were Mrs. Martha Chalfont and Miss Blanche Chalfont of Shinnston, W. Va.; Mrs. John Henson and Laura Henson of Chicago. All suffered internal injuries and bad cuts from breaking glass.

Mizzou Park Stands Burn.

St. Louis, Mo., July 28.—Mizzou park, the home of the St. Louis City baseball club of the Western league, was consumed by fire. The grandstand bleachers and dressing rooms, together with the uniforms of the players, were wiped out. The loss on park property and adjoining buildings and lumber will reach \$50,000. The cause of the fire is unknown.

Mrs. Walter Patterson of Skidmore was brought to St. Francis hospital in Maryville Sunday afternoon and underwent an operation at St. Francis hospital this morning.

SHARP MESSAGE SENT TO MEXICO

Drastic Representations Follow Dixon Incident.

DEMANDS ARREST OF SOLDIERS

Court-Martial and Punishment Is Asked by United States Government for Shooting Officer—Huerta Ordered to Release Two Mining Men.

Washington, July 28.—Strong representations, the most drastic in phraseology that have been made since the present American administration came into power, were made to the Huerta government in Mexico.

The United States government demanded not only the prompt arrest, court-martial and punishment of the Mexican federal soldiers who shot Charles B. Dixon, an American immigration official at Juarez, Mexico, but the immediate release of Charles Bissell and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City and said to be threatened with execution.

So serious were these incidents regarded in official circles that they overshadowed largely the policy which the visit of Ambassador Henry Lane Wilson had brought to a climax. The ambassador himself was so exercised over the developments in Mexico that he dictated two strong telegrams, one to the embassy at Mexico City and the other to the American consul at Juarez, and while Secretary Bryan slightly modified their tone, they were approved and promptly dispatched.

Ambassador Wilson declined to discuss the affair, but he probably will explain his views on such happenings when he meets President Wilson this afternoon for a general explanation of affairs in Mexico.

Studies Wilson's Report.

The president had Ambassador Wilson's long report in hand, studied it carefully and after a conference with Mr. Bryan will be prepared to inquire of the ambassador what remedies he would suggest.

In the meantime the ambassador would give no hint of the recommendation he had in mind, beyond the general statement that his plan would conserve the friendly relations between Mexico and the United States and protect likewise the interests of Americans in the southern republic.

Dixon Shot as a "Fugitive."

Dixon was in Juarez on official business, investigating a white slave case, when he was arrested by a band of federal soldiers, who started marching him away from the city in the direction of the foothills, where many executions have taken place. Dixon started to run and after getting a block away was fired upon and hit in the back.

Dixon's father lives in Wharton, Tex. The federal authorities refused to allow the wounded man to be removed from the military hospital, where he was taken. Federal soldiers guard the ward where Dixon lies, refusing admission to everyone, except a doctor. Dixon made a statement in Juarez to American officials that he was satisfied the Mexicans were marching him out to shoot him when he ran. He says the Mexican soldiers were drunk.

Dixon was sent by a superior to Juarez to see a negro in connection with a white slave case that was being probed there. He says he believes the negro, after he had talked to him in Juarez, bought drinks for the soldiers and induced them to arrest him.

POSSE PURSUES BANDITS

Highwaymen Who Held Up Limited Train Go to Butte.

St. Paul, July 28.—The three men who attempted to hold up the east-bound North Coast Limited on the Northern Pacific near Homestead, Mont., had been traced to Butte, Mont., by a sheriff's posse, according to W. J. McFetridge, chief special agent of the Northern Pacific railroad. According to details of the attempted holdup received by Mr. McFetridge, nothing was secured by the bandits and very few of the passengers knew what was delaying the train.

A posse, headed by the sheriff, took up the trail of the three bandits, who the officials here stated, were reported to be quite young and seemed somewhat under the influence of liquor. Their tracks led to a wagon road, where evidences of the recent passing of an automobile traveling toward Butte convinced the authorities that the bandits had gone to the place.

Shoots Self After Telephoning Wife.

Kansas City, July 28.—Douglas Hertz of Kansas City, whose wife disappeared from her hotel in St. Louis last Thursday, shot and dangerously wounded himself after a telephone conversation with his wife here. Mrs. Hertz was located at the home of a friend. Hertz entered a saloon and telephoned Mrs. Hertz from there. After a long conversation he stepped away from the telephone and, drawing a revolver, shot himself over the heart. He was taken to a hospital.

Cool Wave Coming in Modified Form. Washington, July 28.—Except for local thunderstorms, generally fair weather is predicted for the coming week. A cool wave that now covers the northwest will spread eastward and southeastward in modified form.
